More to Life

Meril is a global medical device company dedicated to the design and development of novel, clinically relevant, state-of-the-art and best-in-class devices to alleviate human suffering and improve the quality of life. We span a broad operational canvas ranging from vascular interventional devices to orthopedics, in-vitro diagnostics and endo-surgery.

We share an enduring perseverance to advance healthcare solutions, for more patients to live longer and healthier lives. We have a strong commitment towards R&D and adhere to the best quality standards in manufacturing, scientific communication and distribution known today.

Established in 2006, Meril's launch was in line with the healthcare diversification plan of Bilakhia Group. Located in Vapi, 150km north of Mumbai, and ensconced within the serene hill-sides of Chala town, Meril sits proud in its ultra modern manufacturing facilities.

Where research becomes the basis for discovering new ways of alleviating human suffering and empowering an individual with good health

Meril

More to Life

Infrastructure

Situated on 180 acres of land and built over a 300,000 sq. ft. area, Meril's ISO 13485 & cGMP certified ultra-modern manufacturing facility is constructed to satisfy the stringent needs of our cardiovascular, orthopedics, diagnostics and endo-surgery businesses, as well as our R&D endeavors.

Fully integrated manufacturing systems ensure backward integration, flawless man-material movement and complete control over processes to eliminate production errors. All manufacturing and sterilization processes are conducted in-house, in addition to the analytical and microbiological QA/QC tests required to meet the world-class production standards.

Meril's 1,600+ personnel are a strong, experienced team comprising designers, engineers, chemists, microbiologists, regulatory affair experts, R&D scientists, clinical affairs experts, legal, finance, sales and marketing professionals with innovative capabilities. The team is continuously striving towards improving and saving lives every day by providing revolutionary solutions for diagnosis, prevention and treatment.

Currently Meril has direct sales & representative offices in India, Germany, Turkey, USA, China and Brazil, and a strong distribution network spread over an additional 102 countries in 6 continents.

Meril Orthopedic | Trauma System

Meril Orthopedic, a new venture of Meril in association with Maxx Ortho Inc (www.maxxmed.com), is at the helm of developing and marketing innovative Orthopedic implants. Our joint replacement technologies and wide range of products make us a valuable partner to healthcare institutions in more than 40 countries. At Meril, we have a guiding principle that the Physician-Patient-Product interaction is of utmost importance.

Based on this foundation, our implants are designed in collaboration with world-renowned surgeons, in world-class manufacturing facilities to offer cutting-edge technology with unique intellectual property, backed by decades of research. Through our association with Maxx Ortho Inc, we are now focused on providing quality healthcare through high-end orthopedic implants and trusted services to our customers across the world.

Our Flagship product, Freedom Total Knee® System was approved by the US FDA and introduced internationally in 2010.

We at Meril Orthopedic believe that all orthopedic patients, regardless of geography, should have access to implants and related solutions that will best restore their mobility to suit their lifestyle, anatomy and economic needs. To that end, we believe that orthopedic surgeons should be equipped to deliver exceptional and repeatable results for their patients.

Meril Trauma System

Meril is known for an uncompromising attitude when it comes to quality of design. Providing the medical world with zero defect devices is our only motto. Our orthopedic trauma products---Meril Locking Plate System 3.5, Meril Locking Plate System 4.5, Meril Compression Plate System 3.5, Meril Compression Plate System 4.5, Meril Dynamic Hip Fixation System, and Meril Locking Distal Radial System 2.4 are specifically designed to treat fractures, bone tumour and deformities. They boast of high fatigue strength, proper fixation and negligible soft tissue damage.

We have been providing trauma implants for the foot, shoulder, hip, hand, pelvis, and condyles. In order to ensure smooth and trouble-free operating procedures leading medical professionals rely only on our Trauma products. We have carried out performance testing to prove our design for its endurance and durability and the outcome of these tests prove that they are going to create a dynamic image in the history of joint replacement.
